

Paper Petition Details

Thompson Close Residents Only Parking Area

We the undersigned, residents of Thompson Close, do hereby request that Slough Borough Council create Thompson Close a" residents only" parking area. The reason for this action being necessary is due to late finishing health workers and others arriving home late in the evening only to find that there are 'no parking spaces left' because people from other streets nearby are occupying any available space.

This petition was received on 28th November 2011.

This petition was passed to the Engineer – Parking Development on 28th November 2011

This petition was responded to on 31st January 2012 by the Engineer – Parking Development.

Council Response

Thank you for the above petition submitted on behalf of the residents of Thompson Close, requesting a residents parking scheme due to the limited availability of parking spaces on Thompson Close.

As discussed in our telephone conversation, we are unable to take this request forward due to the limited space available on the road. If we were to formalise a residents parking scheme we would not be able to provide enough spaces to accommodate the resident of Thompson Close, as they are entitled to purchase a maximum of two permits per household. Furthermore this formalisation of parking would also require some yellow line restrictions on parts of the road to ensure that the scheme works, which would further limit the number of available spaces.

If the residents have any further enquires, or wish to make any other suggestions or recommendations we would be happy to investigate these further.
