Spackmans Way Anti Social Behaviour

We the undersigned, ask for your help because our lives have become a nightmare since new residents moved in to the flats No. 270 and 274 Spackmans Way, our peace has been completely disrupted. Daily adventures at the court, playing soccer in the parking lot destroying the door from the entrance, the doors of garages and cars that stand in the parking lot. Last year the Council had carried out a wonderful renovation of the security door and it is not appreciated just devastated.

These families leave their houses screaming, constantly fuss and fight, sit on chairs in the parking lot all day eating, listening to music from a parked car and its care of the physiological needs of the parking lot. These are people and not animals their needs should be handled at home and not in the parking lot. Still use a car horn and parking looks like a garbage dump full of empty bottles of securities, etc.

From morning until late at night it is just screaming, fighting, hitting the ball on the metal door we do not have a moment of silence. Each of us needs to relax after work, our kids want their usual time to go to sleep and not wake up in horror at screaming pounding again, etc, our patience goes as summer ends, which is associated with beautiful weather and spending time in the garden or on the balcony though silence is impossible.

Therefore we ask for your help so often we've called on the police but these families deal with anything that they do not completely ignore all. Something has got to be done about this, or else it could turn nasty and violent and why should we have to put up with this?
