CONTACT OFFICER: Alan Sinclair, Director of Adults and Communities

For all Enquiries (01753) 875657 (Thomas Overend, Policy Insight Manager)

WARDS: All

PART I **FOR COMMENT & CONSIDERATION**

FRIMLEY HEALTH AND CARE ICS LONG-TERM STRATEGY

1. **Purpose of Report**

To update the panel on steps being taken to develop the Frimley Health and Care Integrated Care System (ICS) Long-Term Strategy.

2. **Recommendations**

Members to note the report and comment upon it and agree how they want to be engaged and involved as the new strategy develops.

3. **The Slough Joint Wellbeing Strategy, the JSNA and the Five Year Plan**

3a. **Slough Joint Wellbeing Strategy Priorities**

The ICS supports the delivery of the first three of the Slough Wellbeing Board's priorities:

1. Protecting vulnerable children
2. Increasing life expectancy by focusing on inequalities
3. Improving mental health and wellbeing

3b. **Five Year Plan Outcomes**

The ICS supports the delivery of the first two priority outcomes within Slough Borough Council's Five Year Plan

- Slough children will grow up to be happy, healthy and successful
- Our people will be healthier and manage their own care needs

4. **Other Implications**

(a) **Financial**

Any future investment from the NHS in local systems will come via the ICS process.

(b) Risk Management

There are no recommendations arising from this report.

(c) Human Rights Act and Other Legal Implications

There are no legal implications to this report.

(d) Workforce

Slough Borough Council's engagement with the ICS will require employee time and line-manager support.

5. **Supporting Information**

Frimley Health and Care first developed a 5-year strategy in 2016. Since then, partners from across health and local government have been working together, with local communities to improve the health and wellbeing of individuals, and are using their collective resources more flexibly as part of a commitment to achieve the best possible value from every 'Frimley pound'.

Considerable progress has been made implementing the strategy and Frimley Health and Care is considered one of the leading Integrated Care Systems. As a result, partners now wish to publish an updated five year plan in 2019.

The NHS published its long-term plan in January 2019, and a Green Paper on social care is expected to be published later this year. All systems will be required to develop and agree a five year strategy by Autumn 2019.

It is the ICS's intention that the strategy:

- Is developed through engagement with the workforce and local communities;
- Reflects local needs, issues and priorities;
- Is ambitious for the population and system;
- Tackles the wider determinants of health and wellbeing; and
- Is rooted in evidence.

The ICS is following a five-step process to develop the ambitions within the strategy:

1. **Frame** - achieving collective clarity on what the five-year strategy is for, what it will do and how it will be developed.
2. **Insight** - understanding what matters to local people and partners, the issues the ICS wants to impact and the key trends that drive the strategy.
3. **Ambition** - developing a shared view and understanding of what the ICS wants to achieve and what success looks like for the ICS.
4. **Prioritise** - agreeing the shared priorities to deliver the ICS' ambitions, which are recognised by partners and local people.
5. **Organise** - concluding the strategy, ensuring it is owned, understood and ready for implementation from 2020/21.

A public survey was held to gather views, which closed on 14th June, alongside community engagement undertaken by Healthwatch. There will be further opportunities for SBC to contribute to the development of the strategy's ambitions in the coming months.

6. **Comments of Other Committees**

This report has yet to be seen by any other committees.

7. **Conclusion**

Frimley Health and Care's long-term strategy presents an opportunity for partners to refresh ambitions for the system, determine the priorities on which to focus collective energy, and improve collaboration in their delivery.
