

Paper Petition Details

Non Residential Car Parking - Whitehaven

All Whitehaven residents have a big problem with non residential car parking. People who don't even live in Whitehaven are blocking residents' cars and are also blocking the entrance to Whitehaven which causes problems for the bin men and results in rubbish not being picked up as the bin men can not enter into Whitehaven due to non residents parking their cars/vans in Whitehaven.

Please can yellow lines be applied or any other law which is good for Whitehaven residents. Thanks.

This petition was received on 16th August 2011.

This petition was passed to the Engineer – Parking Development on 16th August 2011.

This petition was responded to by the Engineer – Parking Development on 16th September 2011.

Council Response

Thank you for your petition requesting waiting restrictions on Whitehaven, to help improve the problems with access currently experienced by residents and refuse collectors.

We are proposing Double Yellow lines at the junction with Montague Road, and along Whitehaven in its entirety; these indicate 'no waiting at any time'. This restriction will also apply to the residents of Whitehaven. However if you feel this is not acceptable, or have any other suggestions, we would be happy to discuss these with you and consider alternative solutions.

Once we have agreed an acceptable scheme, this will be added to our waiting restriction request list which is due to be reviewed at the beginning of next year. We will then put the proposal out to a formal consultation, and providing there are no objections, the lines can be implemented.

If you require any further information, or clarification on any of the information provided above, please do not hesitate to contact – Engineer – Parking Development.
