

Paper Petition Details

Bus Stop 75/77 Parlaunt Road

There have been numerous complaints since 2005 regarding the dangerous positioning of the bus stop being located on a bend. There is a bus stop 120 meters close by in Tamar Way which is far safer for users of the Heathrow bus service to access Parlaunt Road/ Langley Leisure Centre. This will help to prevent commuters from crossing a busy dual carriage way. We have been asking Slough Borough Council to move the bus stop to a safer location. The bus stop is also currently being used as a drop off point in the afternoon for children attending Churchmead School. The children frequently charge across the road without due care for themselves or approaching drivers. Please support the effort to relocate the bus stop.

This petition was received on 18th July 2012.

This petition was passed to the Assistant Transport Planner on 20th July 2012.
