

Paper Petition Details

Northampton Avenue Road Closure

The roads closure changes made to Northampton/Buckingham Avenue have caused nothing but problems, more traffic flows through Buckingham Avenue East there are traffic jams during rush hour and it has caused nothing but problems for residents, can the experimental road closure be removed and put back to how it was before. The Council should listen to the local residents who's council tax money was wasted on this useless scheme.

This petition was received on 5th March 2013.

This petition was passed to the Principal Engineer Team Leader on 5th March 2013.

This petition was responded to on 18th March 2013 by the Principal Engineer Team Leader.

Council Response

I have received from our Committee Services a list of residents who have raised concerns about the closure to Northampton Avenue.

As you may be aware the scheme is being implemented under an experimental order and therefore as part of this process, we will use this list to form part of the consultation response.

The consultation process of the order is normally undertaken in the first six months, after this period the council will then start to decide whether to retain or remove the scheme.
