

Paper Petition Details

Northampton Avenue Road Closure

We the residents wish to object to the road closure scheme being introduced as an experimental measure at the site of Northampton Avenue adjacent to Buckingham Avenue East, we rejected this scheme last year and don't understand why this is being forced upon us again. The only change we the residents asked for was a yellow line at the end of Melbourne Avenue and Buckingham Avenue East junction if this yellow line can't be installed fine but don't try to force the road closure upon the residents.

This petition was received on 5th March 2013.

This petition was passed to the Principal Engineer Team Leader on 5th March 2013.

This petition was responded to on 18th March 2013 by the Principal Engineer Team Leader.

Council Response

I have received from our Committee Services a list of residents who have raised concerns about the closure to Northampton Avenue.

As you may be aware the scheme is being implemented under an experimental order and therefore as part of this process, we will use this list to form part of the consultation response.

The consultation process of the order is normally undertaken in the first six months, after this period the council will then start to decide whether to retain or remove the scheme.
