

Paper Petition Details

Winvale Residential Parking

There has been parking issues for a long period of time. Between Mondays to Friday 8am to 6pm there are a number of none residents parking their vehicles on our road, which is becoming difficult for the residents of Winvale to park their vehicles especially when returning back from the school runs, work and general day to day outings.

We believe the people who are parking on our road are members of staff that are working closely to the area. We would like to forward our petition to the Council, as residents we have agreed the best solution would be to issue residential parking permits. We hope the Council can support us with the current difficult situation as they have done with other areas in Slough facing the same issues.

This petition was received on 23rd May, 2016.

This petition was passed to the Team Leader, Parking Services on 23rd May, 2016.

This petition was responded to by the Team Leader, Parking Services on 17th June, 2016.

Council Response

Thank you for the submission of the above petition.

Slough Borough Council is pleased to advise that this request has been placed on our waiting list along with other requests for new and amended parking restrictions around the borough. When the list is reviewed, we will investigate the request by carrying out site visits to assess the area and consider factors such as, capacity against potential numbers of permits and any road safety implications. Some parts of Winvale are managed by our Housing Department so we will also liaise with them. We will then carry out a formal public consultation of the proposal, and a decision will be made on how best to proceed based on the results of the consultation.

If a scheme is appropriate and we gain approval to carry out a formal consultation, a public notice will be placed in the local press and displayed on street with details of how to view plans and make representations. We will also write to any resident directly affected by the proposed restrictions. Unfortunately we cannot provide timescales at present, and must advise that the process to introduce new restrictions can be a lengthy one due to the legal process involved.
