

**Email received on Weds 21 Sept 2016 from Ross Osborn – LAF member Bucks and Co-ordinator of Lost Way Project**

Jacqui – good morning and let me start by saying you are an absolute star for taking on these two unloved parishes – Dorney and Wexham.

You are also, the guinea-pig since I have written a simple step-by-step guide on how to research and complete this project. I know you are a professional and this is aimed at the volunteer but I hope you approve and it makes sense. Your feed-back would be much appreciated! There are four papers – the last of them being a draft of which volunteer is working which area in the event you have any cross parish border paths / bridleways. I'm still working on this and it will be updated whenever new volunteers join the fray.

One other question – does your area abut any other parts of Buckinghamshire – Marlow Town, Chenies, Latimer etc and do you know of anyone in these parishes whom I could contact?

Herewith attachments and my profound thanks!

Ross
