

APPENDIX F

A Bashir Objection

From: Aasia Bashir [REDACTED]
Sent: 14 August 2016 15:55
To: _Licensing
Subject: Response to Application for Street Trading Consent

Dear Mick,

We are writing to you in response to the application for Street Trading Consent - Farnham Road South, Service Road, Slough, SL2 1DE.

We strongly object to this application as we are already presently experiencing issues with customers that use the late opening off licenses/ shops on the Farnham Road area. We have seen increased amount of trash around our driveway as well as our personal bins. It is also very noisy at night coupled with drunken behaviour. We feel an additional trading place would only increase these problems for us.

Thank you and kind regards,

Mr M Bashir

Subject:Application for street trading consent -Farnham road south

Hello,
My name is Hardeep singh, [REDACTED].

With regards to the consultation- application for a street trading consent - farnham road - south (service road), slough, sl21de letter.
Letter for Mick sims.

We strongly object the trading to be carried out of the location as it create a lot of nuisances. And people makes lost of mess on the street with litters and beer cans. raoudy crowd leaves bad impressions on farnham road
The crowd makes lot of disturbances and noises in the night with disturbs the locals sleeping. Please consider all this things and not allow this trading to be carried out.
Thanks

Hardeep Singh

Subject: Application for Street Trading - Farnham Road - South (Service Road), Slough, SL2 1DE

Mr. Raj Nagra
[REDACTED]
[REDACTED]

Dear Mr. Sims,

I am writing to voice my objection to the proposed Street Trader licensing in the servicing road off Farnham Road (address shown in heading),

As a resident at [REDACTED] I with my family for the past 30yrs and the closest living resident to the potential trading site, I have witnessed, first hand, the inconvenience a street trader on this site proposes. Please see my objections below:

1) Litter - The litter in the car park on the service road and the surrounding streets became absolutely terrible whilst the previous street trader was there. The litter, discarded food and drink cans from the kebab van compiled with the litter from other fast food outlets in the immediate vicinity was horendous.

The combination of the previous street trader along with Peri Peri Chicken (246 Farnham Rd), Chicken Delight (238 Farnham Rd), Tops Pizza (222 Farnham Rd), KFC (Edinburgh Ave) has culminated in huge amounts of litter in the car park which eventually gets blown into our front gardens and street. This attracts rats from the small rest park opposite and from behind the shops, where refuge is often over flowing from bins.

2) Antisocial behaviour - Over the last few years we have had a continual problem with groups of people with modified cars driving dangerously and loudly in the area. The previous street trader acted as a hub and meeting point for these groups of people along with the adjoining car park, where they would consume food and hot beverages whilst demonstrating their vehicles. The problem has now extended to the car park of KFC (Edinburgh Ave). The continual revving of modified engines, loud exhausts, wheelspins and sound systems has become quite unbearable in both the the KFC and service road car parks. I am sure a briefing with the police will confirm this issue.

3) Noise - The continual noise of the street trader van generator is a particular nuisance. I can only imagine its far worse for the residents living in the residence above the Farnham road Post Office and Way to Save where the proposed site is situated.

4) Smell - the residents of Sheffield Road and the surrounding streets have had to endure the continual smell of the vast number of fast food outlents around the service road. The street trader contributes considerably to this.

5) Access on the service road - Under the previous trader, it became a regular event to see the kebab van pull into the service road and block all access through whilst he waited for the owners of parked cars in his trading spot to arrive and move their vehicles. This would result in a lot of frustration for drivers that would not be able to use the service road whilst the street trader waited to park his kebab van. I have been witness to quite a few road rage incidents due to this.

6) General safety on service road - Over the last few years I have seen the service road and its car park used more and more dangerously. The one way traffic and No Entry sign are continually ignored by the vast majority with no obvious pedestrian walk through. The previous kebab van contributed to the danger by restricting peoples views as they drive around the bend of the service road and also with customers parking on pavements and generally causing congestion whilst they eat in their cars.

I sincerely hope that you will consider the points I have made above and deny the license for the Street Trader License and a potential 'Late Night Refreshment' license. Since the last trader has ceased to operate, we have had a respite from the all the problems highlighted above. I please ask you not to make us to endure it all over again. The highlighted problems have escalated continually as Farnham road and the area changes. Re-issuing a street license will only compound these growing concerns.

If you would like to discuss the issues any further, please feel free to get in contact and I would be happy to give you a guided tour and highlight the problems.

Regards
Raj Nagra

Subject: Response to Street Trading Application-Farnham Road-South (Service Road, Slough. SL2 1DE)

Importance: High
Dear Mick,

I am writing to you in response to the consultation letter sent to us by you dated 29th July 2016 regarding the Application for a Street Trading Consent-Farnham Road-South (Service Road, Slough. SL2 1DE).

We as residents of [REDACTED] Slough have got **serious concerns** on this proposal. We are already experiencing issues with individuals who use the Farnham Road off-licenses/ eateries; they frequently gather on the corner of Sheffield Road/Boston Grove in a **drunk** manner, causing commotion and **urinating openly** as well as throwing their thrash i.e. beer cans and take away boxes in our bins and driveways.

This already occurs at night and having this proposed late night service will only serve to increase the occurrence of these kind of activities and will affect our quality of lives. We have **young children** and this is not the kind of environment we want our children to be exposed to while they are in the "supposed" security of their own home. So we **strongly object** this application.

Feel free to contact me if any further discussion on this is required.

Kind Regards,
Kamran Ahmed

I am not very happy about the proposed application for street trading in farnham road south service road, as we already have enough to put up with the noise of people who drink and eat food at the top of our road as when they have finished they use our road as a rubbish tip just throwing their rubbish down the street and also they seem to think it is a local toilet we have problems with all this noise and disgusting behaviour they seem to think this is a meeting place for one and all police have been called many times about this so surely this would bring more noise than ever people are kept awake many times and i think this would only make the matter worse. so therefore i do not agree with the application.

The Licensing Team,
Landmark Place, High Str,
Slough, SL1 1JL

Street Trading Consent- Farnham Rd –South (Service Rd), Slough SL2 1DE

We, Mr & Mrs Caterini, wish to express our objection to the "Late Night Refreshment" for the above mentioned site as it would degrade the place even more than it is now with walls and pedestrian pavement urinated, rubbish bags, cans, bottles spread everywhere, noises from drunken people, and maybe even fights.

Yours faithfully

Salvatore & Gabriella Caterini
