

Paper Petition Details

Implementation of a Parking Permit Scheme in College Avenue

We the undersigned petition the council to implement a residents only parking scheme on College Avenue, Slough SL1.

We are continually inconvenienced by the very limited on-road parking available due to non-residents using the unrestricted parking within the area due to the parking restrictions applied elsewhere in the area.

A number of non-residents take up a large portion of the parking available on College Ave, resulting in residents of the street unable to park their cars within the on-street parking facilities available. There are also a number of vehicles that have been stationary for extended periods of time with no identified owners.

I would like to urge the council to review this petition in favour of the local residents and prioritise the implementation of a resident's only parking scheme to the on College Avenue, Slough SL1.

This petition was received on 24th May, 2017.

This petition was passed to the Team Leader, Parking Services on 26th May, 2017.

This petition was responded to by the Team Leader, Parking Services on 2nd June, 2017.

Council Response

I am writing in response to your petition in which you have requested residents parking on College Avenue.

I can confirm we have previously received a petition for this request on 20th April, 2016. At the time of our previous response, this request was linked with another scheme which we could not pursue. We have since received a number of petitions requesting residents parking on the surrounding roads and our engineers are working on the designs which we hope to have ready for publication by the summer. We will write to all affected residents with details of the proposal and an opportunity to comment on our designs so please look out for this.
