

Paper Petition Details

Stop Construction of Communal Parking Bays in Salt Hill Way

The Green in Salt Hill Way should be saved - action to save the green in Salt Hill Way as a safe place for children to play and as a green area that has and should be enjoyed for future generations to come.

We, the undersigned, are concerned citizens who urge our leaders to act now to prevent the removal of the green in Salt Hill Way. We would like to be consulted on a scheme for residential parking as the plans for a non-residential parking bay would only encourage more workers/non residents of Salt Hill way to park here. We would like you to introduce control parking instead.

This petition was received on 30th May, 2017.

This petition was passed to the Team Leader, Parking Services on 1st June, 2017.

This petition was responded to by the Team Leader, Parking Services on 27th June, 2017.

Council Response

I am writing in response to the above petition where residents asked to stop the construction of communal parking bays and have requested residents parking on Salt Hill Way instead.

I can confirm I have added this location to the waiting restrictions request list for residents parking to be considered. This list will close at the end of the year and work will not commence until the beginning of next year.
