

Paper Petition Details

Ryvers Road Parking Bays Request

We submit this petition in order for the Council to take urgent and serious consideration with regard to the extreme parking problems in the area of Ryvers Road. At the moment, most of the residents in the area are facing extreme difficulties in parking our vehicles. Very often we have to park our cars well away from our houses and even away from our road and area because there is simply nowhere to park.

Those places that are available are either taken or belong to Sovereign Housing Association and parking in those spaces invokes parking tickets from their appointed agents. There is an obvious solution to the problem that the Council replace the raised grassed strips along the footpath and convert it to parking bays as have been done in so many other areas. We urge the Council to adopt this solution and/or any other solutions to resolve this extremely difficult and stressful situation.

This petition was received on 2nd November, 2017.

This petition was passed to the Team Leader, Parking Services on 7th November, 2017.

This petition was responded to by the Team Leader, Parking Services on 15th November, 2017.

Council Response

I am writing in response to your petition in which you have asked for the grass verges on Ryvers Road to be converted into parking bays.

Unfortunately we do not currently have the specific funding to carry out these works, however you may wish to contact your local ward councillors as they may have some funding allocated to their ward to carry these works under the Community Investment Fund.

Please see below the contact details for your ward councillors:

Councillor Preston Brooker
