

Paper Petition Details

Petition - Coftards Garages

The Coftards residents are affected by any changes to Garage site (at Coftards) and therefore the residents request Slough Borough Council (SBC) to consult the residents for any changes (including change of use) which could generate extra traffic in the cul-de-sac neighbourhood. The residents also request SBC to assess the street for any additional parking facilities.

This petition was received on 27th November, 2019.

This petition was passed to the Project Officer, Planned Investment on 27th November, 2019.

This petition was responded to by the Project Officer, Planned Investment on 6th December, 2019.

Council Response

Regarding the future use of the garage site, the intention is to demolish the existing garages in preparation for the proposed development on that site. In the meantime, the process is also underway to find alternative garages for existing garage licence holders and once all the garages are void, the site will be secured to minimise unauthorised access to it. This process is likely to be completed early in the 2020 new year.

Residents will be kept informed as more information is available to be communicated.
