Incident Date:	12.30pm 25/09/2020	Incident Time:	
Command & Control URN:		Crime Report(s):	
CCTV Seized:			
Sources of Information:			

Nature of Incident – what happened?

Gurpreet (George) Bhambra, DPS, Sandy Bhambra, Drew Milne, BDM, Greene King, Rachael Rumney, Senior Licensing Officer, SBC, Linda Corcoran, Resilience & Enforcement Team Leader, SBC Stephen Crundwell, Housing & Enforcement Officer, SBC and Debie Pearmain, Police Licensing Officer, TVP.

Meeting held at Slough Police Station.

Debie opened the meeting and introductions were made. It was outlined that we want to work together with the Management of the premises, hence the reason for today's meeting. Debie asked the DPS and the Solicitor if they were aware of the visit and the concerns that were witnessed during the visit on Friday 18th September 2020. All stated that they were aware of the concerns as the statement from the Officer and Debie had been emailed through to them. Debie stated that she did not intend to read through the statement as the DPS had seen this, but stated that other pubs had been visited on the same evening and this was the worst pub that she had visited. She stated that the customers were not being managed in relation to COVID Secure measures, no social distancing around the bar area, no control over track and as no-one was monitoring this all the time at the front door. The doorman who was working was not very pro-active. Debie also mentioned that the door staff member had to manage the outside area as well and having just one doorman to do this and monitor the door was not enough. Drew informed all that as the new Legislation had come into force yesterday a lot of the concerns during the visit will be addressed. All customers will be seated and all customers/staff will have to wear a face covering. We were informed that they now have a host at the front door and all COVID measures are now in place.

Debie then informed the DPS that she did not have the finer details but she was aware of a visit by Immigration at the end of last year. Drew informed us that Immigration had not taken this further due to the staff member's visa having expired and the other person involved was a customer.

Debie then informed the Management that there was an incident reported to TVP at 01.33am on the 06/09/2020. The report was of a fight in progress in the car-park. The other report to TVP was dated 01/08/2020 at 02.33am report of a female being assaulted inside the pub.

Debie then informed the DPS that we had received drugs intelligence for the premises. Debie asked if the DPS had noticed an issue with drugs at the premises. Drew informed us that the

Management have a zero tolerance view on drugs, the toilets are monitored for any illegal activities and they also monitor the car-park area. We were also informed that they had banned customers who had been found with drugs. Debie then stated that these customers who have been banned are the people who should be put forward for a pub watch ban, but the attendance of the Management has been poor at the pub watch meetings. Debie then gave the details of the next pub watch meeting, which is next Thursday and the DPS stated that he would attend this meeting.

Debie also stated that when the 2200 hours shutting time has been lifted, the Management need to still have tighter control and management of the premises.

Debie then handed over to Linda and Stephen who informed the DPS that they had received ASB complaints from the car-park area. Noise diaries had been submitted by residents. Some of the complaints had highlighted loud music between 1am and 2am – 12.30pm – 02.00am. It was highlighted that the car-park is insecure. It was agreed that the car-park would be looked at with a view of improvements being done. Rachael suggested better brighter lighting, CCTV to cover more of the car park area and some sort of barrier again.

Drew informed all that they want to work with the neighbours and it was noted that perhaps some of the visitors to the car-park are not the customers of the pub and by addressing some of the problems in this area, this will make it difficult for people to sit in their cars playing loud music etc.

Drew informed us that he would speak to the DPS about the car-park and email Debie any updates so that she can inform all of these.

Debie concluded the meeting by informing the DPS that the premises would be checked and if any breaches are found further action will be taken, such as an expediated review and/or a prosecution for offences.

Premises Response – what part did staff play? How did they react/assist? (include good/poor performance)

Police Response – what action was taken? Please identify the main officers who dealt with the incident
