## Autumn Term 2021 RE Newsletter

Welcome to the new SACRE RE newsletter. We hope you all had a good summer and managed to get some rest away from screens for a while!

As the new school year starts, we want to wish you all the best for the new term hoping that this year will be less disrupted by pandemics and lockdowns and that you can continue with the face to face teaching that we all prefer.

SACRE wishes to send out a sincere thank you to all teachers and schools for the way in which you have continued to show dedication to children and education during many months of unprecedented events. We recognise the challenges you have faced and want you to know that we are here to support wherever possible.

**We are aware that a new school year sometimes also means a new RE co-ordinator – at SACRE we are keen to make contact to all the RE leaders in schools so kindly ask if you could let the SACRE adviser for RE David Rees know the name and school email for the email lead, even if there is no change it is useful for us to know the RE leaders so we can keep our records up to date – it will also enable SACRE to send information about free RE network meetings directly to RE leaders as well as being able to offer support should it be required. Please send the details to the SACRE Adviser for RE, David Rees, - [david@reesuk.onmicrosoft.com](mailto:david@reesuk.onmicrosoft.com)**

**We are very grateful to those schools who have already done this and look forward to seeing their RE leads at the next RE network meeting**

SACRE wishes RE teachers to know that support is available in many forms. One of the ways SACREs can support teachers is by running virtual RE network meetings and producing newsletters designed to inform RE teachers and leaders of some or all of the following

- Local and national RE developments
- Free classroom resources
- Upcoming CPD opportunities
- News from faith communities – national and local

### **Virtual Networks**

SACRE is supporting RE by running virtual RE networks as twilight sessions each term – these are run by the RE Adviser to SACRE David Rees. If you would like to attend any of these or receive information about support for RE please email David on [david@reesuk.onmicrosoft.com](mailto:david@reesuk.onmicrosoft.com).

**The first network meeting will be on Thursday November 4th and will be held virtually. If you would like to attend please email David to book a place**

### **Pan Berkshire Hub update (Free video clips– a reminder)**

The Pan Berkshire Hub (a group consisting of members of 6 Berkshire SACRES) continues to meet and work together to help provide support and resources to help Berkshire teachers. Last year the Hub produced some excellent free teaching resources in the form of video clips and support notes. The '**Real People, Real Faith project**' Key Stage 1-3 classroom resources have been available for teachers to use since April. The project set out to ask believers from different places of worship and religion and worldview communities questions about their faith and how it impacts on daily life – these were professionally filmed and edited with the classroom in mind. Teacher notes were also developed to accompany each video clip.

Six communities were interviewed at each key stage. Each film has a page of notes outlining the key questions and concepts, with a brief summary of the answers and some suggested follow-on activities. Two questions, specific to each key stage were asked across the range of venues and in most venues, several people answered each question. This allows pupils and teachers to explore some of the diversity both between and within faith communities. Many of the clips will help schools address some of the big questions suggested in the locally agreed syllabus.

The resources are kindly hosted on the NATRE website and can be accessed by following the link below.

<https://www.natre.org.uk/about-natre/projects/real-people-real-faith/>

Please use these to help your teaching and feel free to feedback comments or suggestions to David. If any of you have developed teaching activities to link these further to the agreed syllabus questions then we would love to hear from you.
