

EQUALITY IMPACT ASSESSMENT TEMPLATE

PLEASE ENSURE YOU READ THE GUIDANCE NOTES BEFORE COMPLETING THIS TEMPLATE

Completing an EIA is the simplest way to demonstrate that the Council has considered the equality impacts of its decisions and it reduces the risk of legal challenge. EIAs should be carried out at the earliest stages of policy development or a service review, and then updated as the policy or review develops. EIAs must be undertaken when it is possible for the findings to inform the final decision.

SECTION 1:

<p>Title</p>	<p>Draft Home to School Travel Assistance and Post 16 Travel Assistance Policies for Consultation</p>
<p>What are you analysing?</p> <ul style="list-style-type: none"> • What is the policy/project/activity/strategy looking to achieve? • Who is it intended to benefit? Are any specific groups targeted by this decision? • What results are intended? 	<p>The Council have undertaken a review of the way SBC delivers its Home to School and Post 16 Travel Assistance to a) ensure it is fit for purpose and continues to be compliant with statutory obligations b) to explore the advantages and disadvantages of offering alternative travel options (where appropriate) that support the development of independence c) deliver value for money by offering assistance based on individual need (in line with statutory obligations), with any offer aligning to the individuals ability to travel as independently as possible.</p> <p>The review of the Home to School and Post 16 Travel assistance policies was necessary to ensure officers can rigorously apply the appropriate entitlement thresholds and also provide transparency and consistency to families and Schools in relation to the decision-making process and understanding of any potential travel offer.</p> <p>The Council consulted on proposed updated policies as well as a range of options it was considering. The Consultation ran for 28 days between 23rd June and 21st July 2022.</p> <p>Engagement included: an online survey, direct communication to all current users of the services, direct communication to non-users of the service with an EHCP, all Slough Schools and Post 16 Establishments, all non-Slough Schools and Post 16 Establishments where travel is provided, and recognised partners & organisations.</p> <p>Face-to-face engagement with users and stakeholders took place through public engagement events discussing the draft policies and proposed changes.</p> <p>This EIA will be reviewed and updated post consultation process reflecting the final proposed policies and the feedback received through the consultation process.</p>

	<p>Under the Education Act 1996, the Council has specific duties and powers as set out below:</p> <p>a) a duty to assess school travel needs and promote sustainable modes of travel in relation to children and young people of 6th form age (s.508A);</p> <p>(b) a duty to provide home to school travel arrangements as considered necessary for eligible children of compulsory school age, such arrangements to be provided free of charge (s.508B). Eligible children is defined in legislation and further details are provided within this policy;</p> <p>(c) a power to make school travel arrangements for children who are not eligible under s.508B. This power can be applied to children below compulsory school age, children attending faith schools or those living within the statutory walking distance. The Council may make a charge for provision of travel arrangements under this power (s.508C);</p> <p>(d) a duty to prepare a transport policy statement specifying travel arrangements provided to persons of sixth form age (s.509AA). The statement shall specify the provision of transport, provision of financial support and provision of travel concessions. A person is of sixth form age if they are receiving education or training and is over compulsory school age but (a) is under the age of 19; or (b) had begun a particular course of education or training at the establishment before attaining the age of 19 and continues to attend that course.</p>

SECTION 2: Do you need to complete a full Equality Impact Assessment (EIA)?

Not all proposals will require a full EIA, the assessment of impacts should be proportionate to the nature of the project/policy in question and its likely impact. To decide on the level of detail of the assessment required consider the potential impact on persons with protected characteristics.

<p>2.1</p>	<p>Please provide an overview of who uses/will use your service or facility and identify who are likely to be impacted by the proposal</p> <ul style="list-style-type: none"> <i>If you do not formally collect data about a particular group then use the results of local surveys or consultations, census data, national trends or anecdotal evidence (indicate where this is the case). Please attempt to complete all boxes.</i> <i>Consider whether there is a need to consult stakeholders and the public, including members of protected groups, in order to gather information on potential impacts of the proposal</i>
<p>The Home to School service is mainly used by SEN children although there are a number of mainstream children who are entitled to free transport and in general receive bus passes. Going forward the key driver in children receiving home to school transport will depend on rigorous application of the policy so that just those with a statutory entitlement will receive it. There may be some identified who currently have incorrectly received transport so they will be negatively impacted but this will not be because of any particular group characteristic. On the positive side there will be children supported to become more independent and attain travel skills at an earlier age.</p> <p>There are currently 1,695 people aged 0-25 on an Education, Health and Care Plan (EHCP). Of the 1,695 there are 520 who current use travel arrangements organised and funded by the Council. 190 users of the service do not have an EHCP, 20 of which attend a faith or same sex school which may not be the nearest School to their home address which can provide the appropriate level of education.</p>	
<p>2.2 Are there any groups with protected characteristic that are overrepresented in the monitoring information relative to their size of the population? <i>If so, this could indicate that the proposal may have a disproportionate impact on this group even if it is a universal service.</i></p>	<p>The statutory requirements on Council’s in relation to Home to School/College travel includes support for children and young people with disabilities, low income families. Therefore, the proposed policies affect outcomes of those protected characteristics groups.</p> <p>The primary principle of the statutory requirements, guidance and the policy is to ensure children and young people can access their education placements, where statutory eligibility thresholds are met or it is identified as necessary (in order to facilitate attendance) then assistance with travel must be provided. Assistance will continue to be available to these groups, with the type of assistance reflecting individual needs/circumstances.</p>
<p>2.3 Are there any groups with protected characteristics that are underrepresented in the monitoring information relative to their size of the population? <i>If so, this could indicate that the service may not be accessible to all groups or</i></p>	<p>N/A</p>

there may be some form of direct or indirect discrimination occurring.

2.4 Does the project, policy or proposal have the potential to disproportionately impact on people with a protected characteristic? If so, is the impact positive or negative?

¹ Disability discrimination is different from other types of discrimination since it includes the duty to make reasonable adjustments.

				exceptional circumstances	
	People on low incomes	<p>✓ Families on low incomes are currently supported through the Councils statutory obligations therefore no change proposed for compulsory school age assistance. Introduction of contribution charge for Post 16 assistance is unlikely to impact as financial support is available whilst Council retains right to waive contribution fee if necessary for attendance</p>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>If any of the answers to the questions above is, “negative” or “unclear” you will need to undertake a detailed impact assessment.</p>					

2.5 Based on your responses, should a full, detailed EIA be carried out on the project, policy or proposal

	Yes No X
2.6	Provide brief reasons on how have you come to this decision?
	Children will be assessed for school transport using criteria set out in policy. The policy will not allow children to be excluded on grounds of race, ethnicity, disability, sexual orientation, gender or faith. The requirement will be for the policy to be applied equally for all groups and having an increased staffing resource will decrease the likelihood of cases not being fully or properly assessed.

SECTION 3: ASSESSING THE IMPACT

In order to be able to identify ways to mitigate any potential impact it is essential that we know what those potential impacts might be. Using the evidence gathered in section 2, explain what the potential impact of your proposal might be on the groups you have identified. You may wish to further supplement the evidence you have gathered using the table below in order to properly consider the impact.

Protected Group		Positive impact?			Negative impact? If so, please specify the nature and extent of that impact	No specific impact	If the impact is negative how can it be mitigated? Please specify any mitigation measures and how and when they will be implemented	What , if any, are the cumulative effects of this decision when viewed in the context of other Council decisions and their equality impacts

		Eliminate discrimination	Advance equality	Good relations				
Sexual Orientation	Lesbian, gay men, bisexual					✓	N/A	
Age	Older people (50+)					N/A	N/A	
	Younger people (16 - 25)				✓		Families will be required to pay a contribution towards travel costs if the learner is attending Post 16 education, currently there is no requirement to pay a contribution. The contribution charge has been deemed reasonable based on financial support that is available and the typical cost of traveling to college if Council travel is not available.	Young learners who require support with travel from the Council will need to pay a contribution charge. This may increase financial pressures on families to attend their study programme which may create an attendance barrier. Most current service users qualify for a 16-19 bursary which is provided to contribute towards education costs, including travel. If financial hardship can be evidenced, then the Council retains the option to waive contribution charge.
Gender Reassignment						✓	N/A	

Impact due to pregnancy/maternity					✓	N/A	
Groups with particular faiths and beliefs				✓		20 learners currently benefit from travel assistance to a School of faith or same sex establishment that isn't the nearest School that can meet the individuals' educational needs. Removing this provision will align eligibility with other learners and in line with the Council's statutory obligations.	Affected learners will be expected to access their chosen education placement (not nearest) with no travel support from the Council using existing family resources, public transport or walking. If extenuating circumstances that exist prevent or restrict attendance then the Council retains the power to provide discretionary assistance on a case-by-case basis.
People on low incomes					✓	N/A
